## Education

2021–2026 **Bachelor of Science, Biological Sciences, California State University, Stanislaus, Turlock.**  
Relevant Coursework: General Microbiology, Medical Microbiology, Cellular and Molecular Biology, Medical Genetics, Immunology

## Publications

### Microbiology Resource Announcement (in revision)

2026 **Jose Sanchez**, Tricia A. Van Laar, Arielle Names, Silvestre Garcia Pimentel, and Emma Yu,  
Genome sequence of psychrophile *Flavobacterium xanthum* DSM3661 isolated from soil in  
Antarctica, **American Society for Microbiology**.

## Work Experience

August, 2025 **After-School Tutor, Ceres Unified School District.**  
– present Working with individuals one-on-one at the middle school and high school level to reinforce key course  
concepts related to science and mathematics. Further help to clear up misconceptions and establish  
effective studying techniques tailored to the individual.

## Academic Achievements & Recognitions

Fall 2022 – Dean's List, **College of Science, California State University, Stanislaus**  
Fall 2025  
Spring 2026 Academic Achievement Award, **Department of Biological Sciences, California State University, Stanislaus.**

## Computational Skills

Database NCBI  
Bioinformatics useGalaxy, genomic tools (including CARD, PathogenFinder 2, and antiSMASH), Type Strain  
Technologies Genome Server
